Welcome to our High Tea

Our dedicated team are here to guide you on your voyage of discovery, it's our special-tea. Sip, delight and savour new brews. Raise your cups, saucers and pinky fingers to the world's most widely consumed beverage (after water of course).

We have your favourites, and something a little more unexpected for those who are ready to delve into a whimsical world of flavour. We delight in serving teapots of exquisite flavours with six categories of tea ranging in complexity, fragrance and intrigue.

Glorious Greens

Green tea provides a rich and natural source of antioxidants such as polyphenols, flavonoids and catechins and is bursting with the plant based goodness. Used in traditional Chinese, Indian and Japanese medicinal practices for centuries, it's time to drink your greens.

Ceylon Green Tea

Gently steamed Ceylon green tea with a mild, refreshing astringency. It's pale-yellow infusion carries soft olive tones and a lightly sweet finish.

Jasmine Flowers

A delicate green tea blended with night-blooming jasmine petals for a fragrant, floral infusion. Light, smooth, and gently sweet with an elegant jasmine aroma.

Oolong Tea

Oolong boasts many health benefits and tickles the tastebuds with complex undertones and tantalising hints of black and green tea tastes. A little introverted, oolong tea was traditionally drunk by Chinese for centuries. With light green tea notes spilling over with floral and vegetal flavours, this tea will make you say ooooh!

Single Estate Oolong Leaf Tea

Oolong, a semi-oxidized tea between black and green, offers a mellow, nuanced liquor. Large leaves unfurl slowly, revealing delicate floral and toasty notes over multiple infusions.

Bold Blacks

The world is your oyster as each black tea has a completely different taste. Strong, full-bodied and bold flavours are paired with notes of honey, malt, chocolate, toast and caramel. Pick your poison.

Rose with French Vanilla

An alluring blend of fine Single Region Pekoe and fragrant rose petals. Softly sweet floral notes embrace a gentle, balanced tea, delicious on its own, yet smooth enough for milk.

English Breakfast

From Ceylon's western highlands, this tea delivers a ruby-red liquor with rich, malty depth, bright grassy freshness, and a hint of citrus zest. Balanced and smooth, ideal for morning energy or a calming pause.

Ceylon Cinamon Spice Tea

A fragrant fusion of Ceylon's finest high-grown tea from the Dimbula Valley and true Ceylon cinnamon. Warm, spicy-sweet notes create a comforting cup, takes milk.

Earl Grey Ceylon Tea

A vibrant single-region Ceylon tea, grown at 2,000 ft and delicately infused with bergamot. This classic Earl Grey offers a medium-bodied balance of brisk citrus and gentle floral notes, creating a refreshing, aromatic cup

Holistic Herbals & Fruit Infusions

A collection of flowers, fruits, herbs and spices combine into some of our most deliciously wholesome blends. Naturally caffeine free, these may be called tisanes or herbal infusions to prevent confusion with “tea” made from the Camellia Sinensis plant.

Blood Orange & Eucalyptus Infusion

A vibrant ruby-red infusion of sweet orange, lemon, and warming spice. Bright berry and citrus notes meet a refreshing eucalyptus lift for a bold, lively cup.

Elderflower with Apple

A naturally caffeine-free infusion with crisp green apple, bright citrus, and delicate elderflower. Sweet elderberries add a fresh, summery finish.

Pure Peppermint

A naturally caffeine-free peppermint infusion with cooling menthol and a fresh, invigorating aroma, perfect after a meal. Crisp and energizing, with a sparkling finish.

Gentle Chamomile

A soothing, naturally caffeine-free infusion of chamomile blossoms with a delicate apple-like aroma. Gentle and calming, perfect for evening relaxation

Whimsical Whites

Minimally processed and made with the freshest leaves and unopened buds of the camellia sinensis plant, white tea boasts fruity and floral notes. Quietly spoken, don't let that fool you... White tea is complex with its smooth, delicate flavours and natural goodness.

Silver Needle

Originally from Yunnan Province, China, this tea has a light floral aroma of orchids and a delicate but sweet flavour.

Hemp White Light

Hemp, white tea, tulsi, nettle leaf, rose petals and jasmine flower. Treat yourself to the antioxidants of white tea and nettle, vitamin C benefits of rose and aromatic compounds of jasmine.

Majestic Minis

100% natural and pure blends designed for kids.

Berry Special

A fruity rooibos blend with apricot overtone. This tea contains blueberries, pomegranate, currants and dried apricots.

Purple Haze

A fragrant aroma of lavender perfectly paired with the sweet flavour of cacao, coconut and honeybush to calm the nerves.
